Agile Product Management Scrum Mega

The book Scrum, (Mega Pack), for the Agile Scrum Master, Product Owner, Stakeholder and Development, is a collection of the author's work that concisely covers Agile, Scrum, and working in a Scrum team. This book is more than a foundational how to work with the Scrum methodology.

Scrum, (Mega Pack), For the Agile Scrum Master, Product ...

First, you couldn't do Agile without adopting the Agile Process, which in Mega-Bureaucracy-speak meant "we're doing a very specific flavor of scrum". This meant morning standups were mandated. You needed a scrum-master on the team, which would be a resource drawn from the project management office, and well, they'd also pull double duty as the project manager.

Mega-Agile - The Daily WTF

Its ease of use has allowed scrum users to rely on it and it is nothing but a digital version of a whiteboard. This is the winning feature of Trello and even a conservative project manager can adapt to agile projects without any hesitation. It offers complete visibility of the scrum framework at all stages.
