Bang Olufsen B O Beocenter

In 1982, Bang & Olufsen introduced a completely new way of living with music. The company was then the only one in the world to fulfil the desire for perfect sound from attic to basement - from just the one central music system. With the Beolink® system - around which Beocenter 7700 was based - you could enjoy and control you music system in several rooms.

BeoCenter 7700 - Bang & Olufsen

Beocenter 4000 had two cassette decks and a tuner/amplifier and was described as the 'ultimate machine for tape professionals - and for the true enthusiasts' upon its release. The recording deck was equipped with both the Bang & Olufsen HX-Pro recording system and Dolby B Noise Reduction circuitry to give the finest possible recording quality.
