A Number is a 2002 play by the English playwright Caryl Churchill which addresses the subject of human cloning and identity, especially nature versus nurture. The story, set in the near future, is structured around the conflict between a father and his sons - two of whom are clones of the first one. Many critics over the years have lauded A

Caryl Churchill's play 'A Number' is about the ethics of human cloning - at least on the surface. I say 'on the surface' because to me as a philosopher, the questions she asks strike me as working at a deeper existential level. The play leaves out the debate we typically associate with cloning.

A Number by Caryl Churchill - a philosophical analysis

Caryl Churchill's *A Number* is a play that explores the issue of human cloning through the relationships between a father and his three sons. A tight two-hander taking place in a not-too-far off future, Churchill's play is a philosophical investigation into free will and the
