Emergency Care and Transportation of the Sick and Injured also known as the Orange Book is the gold standard for EMT-B students. From my understanding almost every US EMT class uses this textbook, and with good reason, the Orange Book gives you everything you need to know to be a successful EMT. The book itself is huge.

Vol 2- Chapter 7 : Violet Evergarden The railway that parted from the southern maritime country Leidenschaftlich finally being extended to northern nations was something quite recent. Public means of transportation were rather useful for traveling around a wide continent, yet the trains across the mainland contributed greatly not only to each person...

Violet Evergarden Vol 2- Chapter 7 - Violet Evergarden

The operating room (OR) is known to be the most cost-intensive place of the hospital where adverse events are most likely to occur [1-9]. Weaknesses in the hospital organisation; lack of experience of the OR team; limitations in checklists, protocols, and in equipment design allow adverse events to occur in a complex environment such as the OR [].
