### Is Falling in Love a Choice? - Psych Central

Falling in love is the development of strong feelings of attachment and love, usually towards another person. The term is metaphorical, emphasising that the process, like the physical act of falling, is sudden, uncontrollable and leaves the lover in a vulnerable state, similar to "fall ill" or "fall into a trap".

**Falling in love - Wikipedia**

Really happy—not in a “Notebook” kind of way—but in a, “Yeah, we bickered over the setting on the toaster, but I still love how you remember every dog’s name who lives on our block. I’m psyched to see you at the end of a sh\*tty day, even if I know I’m also going to see your dirty coffee dishes piled in the sink.
