Miller Engineering's Billboards are easy to mount on your structure. Simply cut a small .75" wide slot in the roof of your building, melt glue or 5 minute epoxy on the topside of the roof, at each end of the sign, plug in the connector and you're done. It's that simple!

Billboards

Miller Engineering's line of animated LIGHT WORKS neon signs are created from the same thin (.010") Electroluminescence material as our non-animated signs, with all the benefits and more. These incredible signs offer state of the art lighting technology that has never before been available to the modeler.

Animated signs
