and how we interact with the world around us.

## **Amazon.com: Out of Our Heads: Why You Are Not Your Brain ...**

The mind is more than the brain, and consciousness consists of an active relationship between one's body and mind and the world. The brain is merely an ingredient of consciousness. Out of Our Heads is a philosophy book written for a general (i.e. non-philosophizing) audience. This has its merits, of course.

Five Reasons Why “Out Of Our Heads” Is Worth A Listen.... 1. The Best Rolling Stones Song You’ve Never Heard. With “Satisfaction” being played – by law, it seems – at every school disco I ever went to, it is hard to conjure up the feeling of how new and exciting The Stones must have been to the teenagers of the sixties.
