You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles.

Responsive Web Design Ethan Marcotte

Hi, I'm Ethan. I'm an independent web designer, writer, and speaker. I'm also the fellow who started that whole " responsive design " thing. In my work, I help organizations design and build better sites and services, and to ensure they can be accessed by everyone, everywhere.

Welcome to Ethan Marcotte's website — Ethan Marcotte
Ethan Marcotte has just relaunched his .com site and it is looking fabulously responsive as you might well expect. The attention to detail in this site is impressive, there are quite a few different media queries to adjust and restructure the layout of the page starting with a min-width:0 however there is a heavy use of calc in the font-size , margin and padding .

…okay, so, yeah, look. Technically speaking, today's not really responsive design's tenth birthday. The article turns ten today, but the concept turned ten in early April. I coined the phrase for the first time at An Event Apart (AEA) Seattle on April 6, 2010, in a talk titled "A Dao of Flexibility." (If you're a glutton for punishment, you can watch a video of "A Dao of ...

Ethan Marcotte – A List Apart

Ethan Marcotte has a lively style, supporting his statements with vibrant anecdotes, analogies, jokes, and concrete examples. He grounds the book in traditional architecture and art history just enough to give it depth without detracting from its focus of responsive web design. My favorite quotation from the book is:
