Treatment plans also help therapists and behavioral health staff with documentation. Treatment plans contain essential information about a patient's progress in a clear and organized format with details such as dates, names and measurable goals. With this information readily available, writing a progress note becomes an easier part of the job.

Guide to Creating Mental Health Treatment Plans | ICANotes

The Treatment Plan The treatment plan is the road map that a patient will follow on his or her journey through treatment. The best plans will follow the patient for the next 5 years where the relapse rates drop to around zero (Vaillant, 2003). No two road maps will be the same; everyone's journey is different. Treatment

The Treatment Plan

Creating a treatment plan for substance abuse is an important first step towards achieving these goals. The ultimate goal of an addiction recovery program is to support you as you embark on a healthier way of life. No-one controls the indefinite future. You can only control your personal actions in any given moment.
