### Timing Marks On Toyota Celica

The rear sprocket is universal on the 2 celica engines, If you look at the 2 dots that are close together and compare it to the second image I provided it shows proper timing position, the timing chain has yellow marks that line right up with the timing marks on the sprockets as shown, this is an interference engine-if you don't get this right you will do damage-I assume you are using a market timing chain right?
