ATRA - 6R80 Rebuild/Reference Manual

The 6R80 transmission will bolt directly to all Modular and Coyote Ford engines and can be adapted to virtually any vehicle combination relatively easily, with a variety of parts available to simplify the transmission swap. It is an excellent choice for a performance upgrade or when swapping from a manual to automatic transmission.

Ford 6R80 Control and Swap Info - US Shift

A 2009 Ford F150 equipped with a 5.4L V8 engine and 6R80 transmission was brought to a shop with the complaint of a transmission leak. The customer said the leak was intermittent; sometimes the vehicle would go for weeks without leaking, and sometimes it would leak out a puddle more than a foot in diameter in a short period of time.
